# ***NLP MASTER PRACTITIONER***

6 DAYS TO ***EXPANSIVE THINKING*** AND  
MASTERY OF NLP SKILLS

***WITH PIP LEAVER AND JOOLS MONTAGUE***

“

*'Masters was the second workshop I have done with Pip and Jools after completing my NLP Practitioner Course last year, and it reminded me again why I love training with these two so much. Their chatty, relaxed style provides the perfect backdrop to powerful and life-changing techniques, and they provide the perfect safe space for personal emotions too.'*

## ARE YOU READY TO BECOME A MASTER?

We know from our own experience, and that of many others, that NLP will become such an integral part of your life that, once you've started on the journey, you'll want to keep going. Once you've become a certified NLP Practitioner, the next stage on this journey is **NLP Master Practitioner Training**.

You've learned the principles of NLP and have practised the techniques involved. The Master Practitioner course is all about embedding those skills further and truly engaging with NLP.

For many people, NLP becomes part of their operating system - just something they do. Once they understand the value NLP can add to their lives they want to enhance their skills and ability to use NLP at a deeper level.

Whether you decide to complete your Master Practitioner Training course for personal development or business reasons, we know you will leave this course feeling invigorated and even more motivated to live life to the full.

### Why choose EdgeNLP?

- We use a specific approach to the breakthrough sessions that delivers a deeper experience and more effective transitions.
- Ability to develop your business plan as part of the course.
- The Edge trainers bring a multitude of unique business skills and life experiences to the training.
- We can also offer the Institute of Leadership & Management Level 7 qualification as part of the course. Contact us for more info and cost.

It's now time to really **embed** the learning.

# IS THE NLP MASTER PRACTITIONER COURSE FOR ME?

*The Master Practitioner Course is for you if you're ready to deepen your learning and discover how to use your NLP skills in even more powerful ways.*

The course was designed by **Dr Tad James**, who has been involved in the development of NLP for more than 30 years.

This course uses NLP techniques to enhance your learning in a way that **is structured and easy to follow.**

The Master Practitioner course is about taking your life and/or business to the next level.

- Pip Leaver -

## HOW DOES THE COURSE WORK?

The course is split into 2 parts

### Background study and support

When you book, we will send you your pre-course materials consisting of MP3s narrated by Dr Tad James and a manual. As with your NLP Practitioner course, you will then complete a questionnaire to ensure you have a clear understanding of each topic. We are just an email away if you have any questions or feel stuck with any of the pre-course learning.

### 6-day online training

Once you have completed the pre-course material, you'll join us and the rest of your cohort for 6 days of online training, where we'll delve into a whole range of advanced NLP techniques and subjects that are required by the ABNLP. At the end of your training you will be a Master Practitioner of Neuro-Linguistic Programming, ready for the next stage of your NLP journey.

*We are approved and certified by the **ABNLP.***

# COURSE OVERVIEW

# TOPICS WE WILL COVER

## ***Negotiate with elegance:***

Master the practical negotiation process of using values elicitation and chunking together.

## ***Learn the secret behind The Secret***

Modelling is the advanced material that introduces you to the very processes that created NLP. You will learn modelling and complete a modelling project. We must always remember that modelling is at the very heart of NLP.

## ***Expand your thinking 4 ways***

Sub-modalities are the building blocks of thoughts. Learn the intricacies of human thought, how to optimise your own thinking patterns, and how to enhance your impact on other people's thinking patterns. Practitioner level material is expanded to new realms of usefulness.

## ***Control your language and master success:***

The Master Practitioner course gives you even more of the most effective and practically useful ways of communicating and persuading. Mastery of language patterns creates ensured success in all aspects of your life.

## ***Learn the secret process that dominates everyone's behaviours:***

Values and meta programs are a practical analysis and description of the processes that dominate everyone's behaviours. They provide systematic exploration of how to motivate, encourage and communicate with wide varieties of behaviours and belief systems, and will be some of the most useful tools in your NLP kit.
